

## 9 Record book of engine parameters

### 发动机参数记录簿

( According to the NOx Technical code )

( EIAPP Certificate )

( 按照 NOx 技术规范 )

( EIAPP 证书 )

This Record book of engine parameters is the document for recording all parameter changes, including components and engine settings, which may influence NOx emission of the engine.

发动机参数记录簿要记录发动机参数所有的变化，包括可能会影响发动机NOx排放的发动机零部件和设备。

**If any adjustments or modification are made to the engine after its pre-certification, a full record of such adjustments or modification shall be recorded in this engine's Record of engine parameters.**

如果发动机在认证后发生任何调整或修改，所有的调整和修改都必须记录在发动机参数记录簿中。

Adjustment carried out 实施的调整	Remarks 备注	Date 日期	Sign 签字
